

LOGISTICS

With more than 30 years of experience P.I.A. provides logistic services to its clients, land, air and sea freight. We take care for time, safety, cost efficiency and monitor every transport of your goods. No matter if a single carton box or a project scheduled multi container shipment – we always guarantee our full support to find the optimum on-time solution for your transports.

Together with our worldwide logistic partners and forwarders we can serve standard transports, express deliveries, oversize and heavy duty loads as well as just in time shipments. We own all common customs licenses to simplify all clearances asap.

Our logistic processes are fully GL-certified according ISO 9001:2015 quality management standard

...we serve for your safety!
